

**DEPARTMENT OF THE AIR FORCE**  
**UNITED STATES SPACE FORCE**  
**PETERSON-SCHRIEVER GARRISON**

MEMORANDUM FOR ALL SUBORDINATE COMMANDS AND TENANT UNITS

FROM: P-S GAR/CC

SUBJECT: Public Health Directive #6

1. As the COVID-19 pandemic evolves, we must continue to adapt installation policies and preventative actions to appropriately balance protecting base personnel with ensuring continued mission effectiveness and satisfactory quality of life. To those ends, the following guidance is effective 24 May 2021.

2. The following higher headquarters (HHQ) public health policies remain in effect on Peterson-Schriever Garrison installations in the state of Colorado.

a. All personnel will follow current mask wear guidelines as provided by the Department of Defense:

(1) Individuals who are fully vaccinated are exempt from mask wear requirements on base, with the exception of areas identified by either the commander concerned or the Center for Disease Control as locations where masks should continue to be worn.

(2) Individuals awaiting fully vaccinated status (two weeks after the second vaccine dose) or who elect not to receive the vaccine, must continue to wear masks while indoors or outdoors, subject to exceptions outlined in existing policy.

(3) Commanders and supervisors should not inquire about members' vaccination status or use such information to make return-to-work decisions.

b. Leave outside of the local area for Department of the Air Force military personnel must be approved at a level no lower than the member's squadron commander.

c. Personnel must proactively self-identify to their leadership and remain at home if they, or member of their household, are experiencing symptoms of COVID-19 or other similar illness. Those who experience a fever shall not return to their work center until they have been fever-free, absent medication, for 72 hours and are no longer experiencing symptoms.

3. Garrison-wide restrictions outside of those specified above are now removed. However, mission partner leads, unit commanders, and supervisors may direct additional restrictions to manage risk to their missions, personnel, and operational areas, as required. These leaders should execute judgement and risk management principles for situations not dictated by HHQ or Garrison guidance including mask wear and the number of personnel present in office spaces, operations floors, or gatherings.

4. All Peterson-Schriever Garrison installations in Colorado remain in HPCON B and all personnel should continue to take necessary actions to keep themselves and those around them safe. The Peterson-Schriever Garrison will continue to monitor and assess the situation and adjust this guidance as necessary. The Public Health Emergency Officer (PHEO) remains delegated the authority to order medical quarantine within the meaning of Article 84, Uniform Code of Military Justice (UCMJ). Failure to adhere to this directive may constitute a violation of Articles 90, 91, or 92, UCMJ.

5. This guidance supersedes *Peterson-Schriever Garrison Public Health Directive #5, dtd 1 Mar 21* and all other previous local directives on this topic. The Public Health Emergency dated 06 April 21 remains in effect.

6. Please contact Lt Col Ian Wiechert, [ian.p.wiechert.mil@mail.mil](mailto:ian.p.wiechert.mil@mail.mil), Cell: 719-322-4258; Office: 719-556-1009/1225, or SMSgt Eric Peterson, [eric.s.peterson14.mil@mail.mil](mailto:eric.s.peterson14.mil@mail.mil), Office: 719-556-9740/1225 with any questions regarding this policy.

JAMES E. SMITH, Colonel, USSF  
Commander
